

STANDARD BOARD PAPER FOR HEALTHY MINDS BOARD MEETINGS

Title: **The Big Healthy Minds Census**

Agenda Item No.: 7b

Prepared by: JRG

Date: 25th February 2020

Purpose of the Paper: Information

Background: We conducted a 'census' exercise over the past few months to gain insight into who is engaged with Healthy Minds as well as impact, perceptions about the organisation, and appetite for reviving the membership base.

Relevant Information: A lot of data was gathered from 116 responses. Deeper analysis is required but this report outlines early results. We will compile a more thorough analysis in due course.

Accompanying paper: [Census_initialresults.pdf](#)

Finance: None

Next Steps: Results from the census will give us some indication of areas on which we're performing well, where we could improve, and give a mandate for membership. Emerging priorities will inform the Business and Operational Plans.

Recommendation: Note
